

**EXHIBIT “H”**

1           again.

2                           MR. ROSENTHAL: I'm going  
3           to have this document marked Wagner 1.

4                           (Invoice marked as Exhibit  
5                           No. 1 for identification.)

6       Q.     Sir, does that document look familiar to  
7           you? Did you ever see it before?

8       A.     I guess. I mean --

9       Q.     Would an invoice such as this, would that  
10          have come to you?

11      A.     I probably would have picked it up there,  
12          and they would have submitted the bill to  
13          Cashman.

14      Q.     So you might not have seen this invoice  
15          before?

16      A.     No. Because I probably would have signed  
17          it.

18      Q.     On the far left-hand side it gives a number  
19          "617-306-8213 cell Nick." Is that your  
20          cell number?

21      A.     That's probably my cell number.

22      Q.     Was that your cell or was that a company  
23          phone?

24      A.     Company.
